Email: skillshowcase26@gmail.com

INKSPARK WORLD HANDWRITING CHALLENGE 2026

1. Eligibility & Registration

The competition is open to the following age groups: Children (3–6 years), Students (7–18 years), and Adults (19–45 years). Age is based on the participant’s age on the competition date. Please select the correct category during registration.

Each participant must submit accurate registration details. The organiser may contact participants to verify details where reasonably required.

The registration fee is ₹199 per participant and is non-refundable, except where a refund is required by applicable law or the organiser cancels the event and announces a refund process.

Registration is considered complete only after the required registration details and fee have been received and confirmed.

2. Competition Date, Window & Duration

Registration closes on 9 November 2026. Late registrations may not be accepted.

Competition date: 10 November 2026. The event will be conducted online. Participants must follow the official joining instructions and their individually confirmed start time communicated by Skill Showcase Foundation.

Any available start time or slot must be selected only through the process announced by the organiser and is subject to confirmation.

Each participant will have 30 minutes to complete the handwriting task, starting from the official start time communicated to them.

Participants must follow the official start and end time instructions. Work completed before the official start time or after the 60-minute duration may be treated as invalid.

3. Question Paper & Google Meet Rules

The question paper will be provided as a PDF 30 minutes before the participant's confirmed start time, using the official communication method announced by the organiser.

Participants must join the designated Google Meet session at the instructed time and keep their camera ON throughout the monitored competition, unless the organiser provides an approved exception for a technical or accessibility reason.

After joining the Meet, participants must follow the invigilator's instructions regarding the answer sheet, participant name or registration code, page arrangement and submission process.

Participants may print the PDF question paper in advance after receiving it. However, they must not begin writing the competition response until the official start time and instructions are given.

Participants must not copy, share, circulate or seek help with the competition task while their attempt is in progress. The organiser may invalidate an entry where there is credible evidence of cheating, impersonation or collusion.

4. Handwriting & Submission Requirements

The submitted handwriting must be the participant's own original work, completed during the permitted 30-minute period.

Participants must submit their completed work within 5 minutes after their 30-minute competition time ends.

Submissions must be sent to the official WhatsApp number: 6367390305.

Both clear PNG/JPG images and a PDF file are acceptable. Every page must be fully visible, readable, correctly oriented and free from edits that alter the handwriting or content.

Participants should check that all required pages have been included before sending. The participant is responsible for ensuring the file is delivered successfully within the submission deadline.

Late, incomplete, unreadable, altered or duplicate submissions may be rejected. If a technical issue occurs, the participant should contact the organiser immediately; acceptance of a late submission is at the organiser's discretion and must be applied fairly.

5. Judging & Results

Entries will be assessed using criteria relevant to handwriting, which may include legibility, neatness, letter formation, spacing, alignment, consistency and compliance with the task instructions.

The organiser may use participant codes during judging to support a fair evaluation process.

The judging panel's decision will be final, subject to correction of a clear administrative error or any rights available under applicable law.

Results are scheduled to be announced on 25 November 2026, subject to completion of evaluation. Participants should rely only on official Skill Showcase Foundation communications for results.

6. Prizes & Reward Distribution

The advertised reward value is 'up to ₹5,00,000'. This is the maximum potential total value of the rewards and is not a guaranteed fixed cash payout.

The organiser plans to recognise up to 1,000 eligible participants through a combination of cash rewards, shopping vouchers, electronic items and/or other prizes, as specified in the final prize structure.

The final reward pool and distribution may depend on the number of valid registrations and valid entries received. The final prize categories, rank-wise amounts or items, eligibility rules and distribution schedule will be published officially before the results are declared.

If fewer than 1,000 valid entries are received, the organiser's intention is to provide a prize or reward to each valid participant, subject to the final published reward policy, verification and compliance with these rules. The type and value of reward may differ by rank or category.

Cash rewards may be paid through an online transfer method, and/or a winner may receive a shopping voucher or physical item, as specified in the final prize structure. Winners may be asked to provide necessary details privately to verify and deliver the reward.

Prize delivery timelines will be announced with the result or in a separate official notice. Winners must respond to verification requests within the stated timeframe.

The organiser will not ask winners to pay a fee to release a prize. Participants should contact the official channels if they receive suspicious prize-related messages.

7. E-Certificates

An E-Certificate is planned for every participant who completes the competition and submits a valid entry in accordance with these rules.

Participants are responsible for entering their name correctly during registration. Requests to correct certificate details should be sent through the official contact channel within the timeframe announced by the organiser.

8. Technical Issues, Conduct & Privacy

Participants are responsible for having a suitable device, internet connection, printing access and a working camera for the online competition.

The organiser may provide reasonable instructions to address technical or accessibility issues. A participant should report a problem promptly rather than waiting until the submission deadline has passed.

Participants must behave respectfully in Google Meet and in communications with the organiser. Abusive conduct, impersonation, harassment or attempts to disrupt the event may lead to disqualification.

Participant information will be used for registration, competition administration, judging, certificate delivery, result announcements and prize distribution. Any publication of a participant's image, submitted work or personal story for promotional purposes should follow the organiser's stated privacy and consent process, with appropriate parent/guardian consent for minors.

The organiser may amend operational instructions where necessary, but any material change to eligibility, fees, prize terms or participant rights will be communicated to participants through official channels.

9. Official Communication & Contact

Helpline: 6367390305

WhatsApp for submissions and official queries: 6367390305

Email: skillshowcase26@gmail.com

Participants should use these official contact details and retain their registration confirmation and submission proof.

Before Registration

Please read these Rules & Conditions carefully before paying the registration fee. By registering, the participant confirms that they have read and understood the rules and agree to follow official instructions. The final prize categories, rank-wise amounts/items and distribution schedule will be published through official channels before results are declared.
